

Onye ije nno...
Welcome Home.

A nighttime photograph of a modern cable-stayed bridge. The bridge features tall, illuminated concrete pylons with multiple stay cables fanning out. The cables are brightly lit against the dark night sky. A car's headlights and the bridge's structural lights create streaks of light on the road surface. The background shows a dark, possibly urban landscape under a clear sky.

WELCOME...NNỌ

Awka Millennium City (AMC) is an ambitious, iconic, large scale master planned gated community situated on 100 hectares of land in Awka, capital of Anambra State. This new municipality development is ideally positioned within the vicinity of the proposed exclusive three - arms zone which will comprise of offices and residencies of the Anambra State Government Executive, Judiciary and Legislative Arms thus rendering it a prime location for the purpose of either residence or investment.

AMC will be a mixed used development comprising of residential and commercial areas which would include homes, schools, healthcare facilities, shopping mall, leisure centers, churches , parks and green spaces at designated areas within the estate.

Awka Millennium City (AMC) will be underpinned by pre-eminent quality infrastructure that will ensure seamless provision of the requisite amenities required to sustain good quality lifestyle.

OBODO AWKA

"Awka has a certain kind of aura about it, because it was the place of the blacksmiths that created implements which made agriculture possible." -- Chinua Achebe

Awka is one of the oldest settlements in Igboland established at the centre of the Nri civilization. Over time, it became famous for its metal works and its blacksmiths were prized throughout the region. Today, Awka hosts two primary universities of higher/tertiary education - Nnamdi Azikiwe University and Paul University. It has become the center of hospitality in Anambra state. The state is ranked 1st in commercial trade volume in Nigeria's South-East region and is one of the fastest growing economies and business hubs in Nigeria. A society with great cultural opulence and heritage, the modern pride of the South East region.

AMC could not have been better located for you.

AMC will be a haven strategically located in Awka City. It is well situated within a 30 minutes radius from Nnewi, Onitsha and Enugu. AMC is conveniently serviced by three major airports namely :- Sam Mbakwe Airport, Asaba Airport, Akanu Ibiam International Airport. The development will also further enhance the vision to transform Awka into a fully integrated and planned modern city.

PARTNERS

Anambra Investment Promotion and Protection Agency(ANSIPPA): was established in 2015 by the Governor, Chief Willie Obiano as part of Anambra State Strategic Economic Blueprint, a robust, Multi-sectorial master plan designed to transform Anambra State. The key Objectives of the economic blueprint are economic growth, job creation and urbanization of Anambra state. This is to be achieved via aggressive investment drive through an improved business environment.

The Agency incorporates a one -stop shop model for all investment decisions. It also operates ANSIPPA- OSSC, a service centre that makes registration of investments quicker, simpler, more efficient, gives better co-ordination and service delivery between investors and the various government ministries, departments and agencies. ANSIPPA has achieved tremendous success and relative effectiveness in attracting indigenous, domestic and foreign investment. This success is credited to the Agency's Autonomous nature, its operating model, and unflinching support and encouragement from His Excellency, the Governor of Anambra State. Visit <https://www.ansippa.ng/> for more on ANSIPPA.

PARTNERS

M-P Infrastructure Limited: M-P Infrastructure Limited is a leading infrastructure development and management company focusing on Renewable Energy, Power, Water, Communication and Technology, offering the entire value chain of solutions from design and construction to operation and maintenance.

The company has almost a decade of experience in the Nigerian market and has expanded service reach by opening up facilities in Ghana, Cameroon, Zambia, Cote d'Ivoire, Rwanda and South Africa. Our business model is focused on bridging Africa's infrastructure deficit. In partnership with some of the leading global equipment manufacturers, we are improving the standards of locally driven infrastructure development across the continent.

M-P Infrastructure is ISO 9001:2008 certified in Nigeria and Cote d'Ivoire, ISO 9001:2015, ISO 14001:2015 and OHSAS18001:2007 in Ghana. Visit <https://www.mpiAfrica.com/> for more on M-P Infrastructure Limited..
